

LICENSE AGREEMENT

LICENSE DETAILS:

Quote ID: Q-95901

Customer: SURF B.V.

Primary Address: Moreelsepark 48, 3511 EP Utrecht, The Netherlands

This License Agreement between Springer Nature Customer Service Center GmbH, Tiergartenstrasse 15-17, 69121 Heidelberg, Germany ("Licensor") and Customer (for itself, and if applicable, on behalf of the Licensees listed in Attachment 1) incorporates the following documents:

- This License Details page including Attachment 1: Customer and Licensee Information;
- The Product Terms;
- The General Terms and Conditions attached hereto;

When executed by both parties, this License Agreement shall be deemed effective on the earlier of: (i) the earliest Commencement Date for any Product licensed hereunder, or (ii) the last date of signature by Licensor or Customer.

1. Products and License Fee

Products	License Fee		
	2024	2025	2026
Springer Transformative Agreement*		Plus 3%	Plus 3%
Publishing Fee	€ 3.446.139,00	€3.557.157,00	€3.671.182,00
Reading Fee (subscription fee)	€ 219.000,00	€ 219.000,00	€ 219.000,00
License Fees in Total	€3.665.139,00	€3.776.157,00	€ 3.890.182,00

*For clarity: The fees charged for the Product Terms "Springer Transformative Agreement" (APC Fund) are fees solely related to services, and not to a provision of a license to content

CERTAIN CONTENT MADE AVAILABLE TO LICENSEE MAY BE SUBJECT TO AND LICENSED UNDER OPEN ACCESS LICENSE TERMS ("OPEN ACCESS CONTENT"). OPEN ACCESS CONTENT IS SOLELY SUBJECT TO THE APPLICABLE OPEN ACCESS LICENSE TERMS, SPECIFIED WITHIN THE CONTENT. FOR THE AVOIDANCE OF DOUBT, PAYMENT OF LICENSE FEES IS NOT RELATED TO THE ACCESS OR USE RIGHTS WITH RESPECT TO OPEN ACCESS CONTENT.

1. Payment Terms

- 1.1 The License Fee(s) is/are due within **60** days from the date of invoice. For multi-year contracts, Licensor will invoice Customer not earlier than 60 days prior to the beginning of each subsequent year of the Term, unless otherwise mutually agreed by the parties.
- 1.2 The License Fee for subsequent years of the Term will be calculated as follows:
The License Fee for each Product in each year after the first year of the Term will be increased to the percentage set forth in Section 1 above.

IN WITNESS WHEREOF, the parties have signed this License Agreement by their respective, duly authorized representatives on the date set forth below.

Customer and Licensees will supply Licensor with an initial list of its IP addresses used for the access to the Content (if not already supplied to Licensor) prior to the Commencement Date and shall notify Licensor of any IP address changes. Licensor reserves the right to confirm accuracy of the IP address(es) supplied before grant of access. Notwithstanding anything to the contrary in this License Agreement, notifications of IP address changes may be made in electronic format. Licensor's obligation to timely provide access to the Content under this License Agreement is conditioned on Licensee's provision of its IP addresses.

Product Terms
Springer Transformative Agreement

The following sets forth the legal and economic framework to allow: (a) Eligible Authors from Licensees to publish open access articles in the Springer Hybrid Journals, and (b) access to the Content. Article processing charges for the Publishing Services as well as fees for reading access to the Content are included in the overall Fees under these Product Terms.

Licensor will provide (i) the Publishing Services to Customer for the benefit of Eligible Authors of the Licensees and (ii) access to the Content by the Authorized Users of Licensees. Customer is paying the Fees (as defined in the License Details section, and Schedule 1: Payment of Fees and Invoicing for Publishing Services) in consideration of Licensor's provision of Publishing Services and access to the Content.

These Product Terms incorporate the following Schedules:

Schedule 1: Payment of Fees and Invoicing for Publishing Services

Schedule 2: Continuing Access Journals

Schedule 3: Springer Hybrid Journals

1. Term

The Term shall begin on 01-01-2024 (the "Commencement Date") and shall end on 31-12-2026.

2. Definitions

PART A – OPEN ACCESS PUBLISHING

2.1 The following terms shall have the following meanings when used within these Product Terms, and shall apply in addition to the definitions in this License Agreement:

2.1.1 "**Acceptance Date**" means the date on which the Eligible Article has been editorially accepted for publication in a Springer Hybrid Journal.

2.1.2 "**Approval Date**" means the date on which it is confirmed, pursuant to Section 3.4.3, that an author is an Affiliated Author.

2.1.3 "**Article Processing Charge**" ("**APC**") means the Licensor's charge for Publishing Services rendered in connection with publishing an open access article in the applicable Springer Hybrid Journal, as specified in Schedule 1;

2.1.4 "**Content**" means, for the purposes of these Product Terms, the Continuing Access Journals.

2.1.5 "**Continuing Access Journals**" means the journals listed as Continuing Access Journals in Schedule 2. The list of Continuing Access Journals is subject to change by Licensor.

2.1.6 "**Affiliated Authors**" means authors who are teaching, and research staff employed by or otherwise accredited to the Licensee or who are students enrolled at or accredited to a Licensee. In the case of articles published by multiple authors only the author corresponding with Licensor at the time of acceptance qualifies as an Affiliated Author;

- 2.1.7 **“Eligible Authors”** means Affiliated Authors who have (i) signed one of the then current open access publishing agreements used by the publisher of the Springer Hybrid Journal to which the author is submitting an article for publication under an Open Access License; and (ii) for whom the Verifying Institution has confirmed their status as an Affiliated Author pursuant to Section 3.4.3.
- 2.1.8 **“Eligible Articles”** means articles by Eligible Authors which are editorially accepted for publication in a Springer Hybrid Journal, with an Approval Date during the Term. In order to be considered for publication in a Springer Hybrid Journal an article must (i) be original, (ii) not violate any law and/or infringe third party rights, (iii) meet all ethical standards as required in the current guidelines of the Committee for Publication Ethics (COPE) and other policies of Licensor or the relevant journal, and (iv) be one of the following article types (**“Article Types”**)
- a) Original Paper – Standard article, generally presenting new results which may also be referred to as Original Research, Original Article, Original Paper or Research Paper.
 - b) Review Paper – Standard article, interpreting previously published results.
 - c) Brief Communication – Short article submitted for rapid publication that exhibits the same structure as a standard article.
 - d) Continuing Education – Article forming integral part of further education (usually medical).

The Parties may agree in writing to add other article types to the definition of **“Eligible Articles”**.

- 2.1.9 **“Non-Standard Journals”** means the journals which are not published in Licensor’s standard publications workflow, and/or in which respect Licensor does not control the publication workflow and/or the terms and conditions under which such journals are published. Non-Standard Journals are marked accordingly in the list of Springer Hybrid Journals, but Licensor may change the designation of journals from time to time during the Term.
- 2.1.10 **“Open Access License”** means a Creative Commons license or other open access license, used for the publishing of Eligible Articles in Springer Hybrid Journals. Licensor currently offers CC BY 4.0 and CC BY-NC 4.0, subject to change at any time by Licensor. For background: the default Open Access License for most Springer Hybrid Journals is the CC BY license. A very small number of hybrid journals (approx. 1% of Springer Nature’s portfolio), use CC BY-NC as their default license; however, in specific circumstances (including, but not limited to, requirements by funding bodies), Eligible Authors may request the journal to publish Eligible Articles under the CC BY license. Such decision is solely made at and by the journal, at the discretion of the journal. For clarity, the foregoing is not, and shall not be deemed to be understood to create, an obligation for Licensor or the respective journal.
- 2.1.11 **“Springer Hybrid Journals”** means the Adis, Apress, Birkhäuser, co-published with Springer, Humana Press, J.B. Metzler, Springer Spektrum, Springer Vieweg, Springer Medizin, Hebrew University Magnes Press, Serdi-Edition, Palgrave Macmillan, Springer, Springer Gabler, Springer Nature, Springer Vienna and Springer VS, journals, as well as hybrid Academic Journals on [nature.com](https://www.nature.com), identified as Springer Hybrid Journals in Schedule 3. The list of Springer Hybrid Journals is subject to revision and change by Licensor, including but not limited to when new journals are founded or acquired and added to the Springer Hybrid Journals, or when journals are transferred, or the publishing of journals ceases. Addition of new imprints requires mutual agreement of Licensor and Customer. If, during the Term, Licensor decides to change the business model of a Springer Hybrid Journal to solely offering open access publication, such journal will nevertheless remain a Springer Hybrid Journal for the purposes of this License Agreement.
- 2.1.12 **“Platforms”** means, for the purpose of these Product Terms, a) Licensor’s systems used to provide

the Publishing Services, and b) Licensor's websites and other content delivery systems used by Licensee and Authorized Users to access Licensor's content pursuant to this License Agreement.

2.1.13 "**Publishing Services**" means Licensor's services covered by the standard list price article processing charge at the relevant Springer Hybrid Journal procured by Customer for the publication of an Eligible Article. Publishing Services include a) pre-publishing services, which may include managing the publishing process, the provision of online tools for editors and authors, article review, copy-editing, typesetting and formatting, production and hosting, liaising with abstracting and indexing services, and customer services, as per the applicable workflows at the relevant journal, and identification and verification of Eligible Authors, and b) (subject to the Eligible Author agreeing to the journal publisher's publishing terms, and subject to these Product Terms), procuring the publication of the Eligible Article in a Springer Hybrid Journal.

2.1.14 "**Verifying Institution**" means the legal entity obligated under this License Agreement to verify whether an author is an Affiliated Author under Section 3.4.3. Licensee, for articles submitted by its Affiliated Authors is the Verifying Institution.

3. Open Access Publishing

3.1 Publication of Eligible Articles

3.1.1 Generally, Eligible Authors will retain copyright in the Eligible Article, subject to certain exceptions (including, but not limited to, articles published in Non-Standard Journals, or if requested by the author, and/or otherwise required by law or third parties (such as funding bodies)).

3.1.2 Licensor will report to Customer the Eligible Articles on a quarterly basis. The reports shall include the following details:

- Name of journal
- Article title
- DOI of article
- Article Type (as defined in the definition of Eligible Article)
- Name of Eligible Author
- online publication date (if available)
- Acceptance Date (if available)
- Type of Open Access license

Licensor may change the means to provide the reports under this Section and make the reports available for download by Customer on the Platforms.

3.1.3 Article processing charges for any article submitted to Licensor from an Affiliated Author and published under an Open Access License, which is not an Eligible Article will not be charged to Customer and will be charged separately to the Affiliated Author under Licensor's standard process.

3.1.4 If Customer defaults with respect to payment of the Fees in accordance with these Product Terms and the License Agreement, Licensor may, with respect to any articles not yet published, cease (i) the author identification process, (ii) submission to the Verifying Institution of articles of Affiliated Authors for approval according to Section 3.4.3, and (iii) publication of any Eligible Article under these Product Terms. Licensor, however, shall be free to offer to enter into separate agreements with Affiliated Authors affected by such default for publishing services subject to payment of any applicable article processing charge(s) by the relevant Affiliated Author(s). For clarity, within ten business days after Customer cures its payment default, Licensor shall recommence the activities set forth in subparagraphs (i) – (iii) above, however Licensor shall not be obliged to recommence the activities for any articles processed between cessation of activities and recommencing the activities.

- 3.1.5 Licensor undertakes to use reasonable efforts to use ORCID (<http://orcid.org/>) throughout the workflow from submission to publication and include Eligible Authors' ORCID ID in Eligible Articles.

It is the Eligible Author's responsibility to provide all necessary details in respect of its ORCID ID to Licensor. This Section does not apply to Non-Standard Journals.

- 3.1.6 Upon publication of an Eligible Article, Licensor will, according to its then current practices, register the article metadata on CrossRef, subject to the following conditions: (i) Licensor has sufficient rights to perform the foregoing based on its then-current contractual relationship with CrossRef at the time of publication and (ii) CrossRef accepts the specific metadata. This Section does not apply to Non-Standard Journals.
- 3.1.7 The parties understand and appreciate that with regard to the future expiration of the present License Agreement, it is in the mutual interest of Licensor and Customer to mutually enter into timely renewal discussions to work towards an uninterrupted provision of access to Content and the Publishing Services.

3.2 Editorial Independence

Nothing herein contained shall oblige the individual(s) at the relevant journal responsible for editorial decisions of the relevant journal or any third party to accept or publish any article submitted to Licensor by an Eligible Author. Customer acknowledges that the selection of material to be accepted and published by Licensor or a third party in control of the publishing process is entirely at the discretion of the individual(s) at the relevant journal responsible for editorial decisions of the relevant journal or said third party. Customer waives any claim they may have against individual(s) at the relevant journal responsible for editorial decisions of the relevant journal or said third party in the event that the individual(s) at the relevant journal responsible for editorial decisions of the relevant journal or said third party declines to publish any material (or part thereof) submitted by an Eligible Author.

3.3 Author Identification

- 3.3.1 Licensor will provide the technical means for the identification of Affiliated Authors as part of the publication process, which will be enabled by Licensor on Licensor's Platforms, as follows:

3.3.1.1 "Data Elements" means the following identifiers which may be used by Licensor to enable identification of Affiliated Authors as part of the publication process: (i) name of the Licensee, i.e. the legal entity name, or translations or variations thereof ("Data Element Licensee Name"), (ii) e-mail domain of the Licensee ("E-Mail Domain"), (iii) the IP address(es) of the Licensee ("IP Address"), or other identifiers used by Licensor in addition to the foregoing identifiers.

3.3.1.2 Affiliated Authors shall identify themselves by either selecting the Data Element Licensee Name, or by using one of the Data Elements E-Mail Domain or IP Address within the identification process.

3.3.1.3 This Section 3.3.1 does not apply to Non-Standard Journals. Identification of Affiliated Authors will be handled in a manual workflow between Licensor and the publisher of the Non-Standard Journal.

3.3.2 Source of Data Elements

3.3.2.1 In order for Licensor to commence providing the Publishing Services on the Commencement Date, Customer shall have provided the Data Elements set forth in Section 3.3.1.1 (i), (ii) and (iii) to Licensor no later than 6 weeks prior to the Commencement Date of these Product Terms.

3.3.2.2 Customer shall update Licensor with respect to any changes to such Data Elements without undue delay.

3.4 Verification

3.4.1 Licensor shall notify Verifying Institution by email each time an author is identified as an Affiliated Author.

3.4.2 Licensor shall make available to Verifying Institution all Data Elements that identified the author as an Affiliated Author (this does not apply to Non-Standard Journals).

3.4.3 On the basis of the Data Elements specified in Section 3.1.1 as provided by Licensor, Verifying Institution shall confirm or deny that the author is an Affiliated Author, within 3 business days following such notification, and in the case of confirmation, shall be deemed to have ordered the Publishing Services for the respective Eligible Article. For clarity, the Verifying Institution is required to confirm that an author is an Affiliated Author, if the conditions set forth in this License Agreement are met. In case Licensor does not receive either a confirmation or a denial within 3 business days after Licensor has notified and provided the Data Elements as specified in Section

3.3.1 to Verifying Institution, Licensor will send a reminder, with a 4-day grace period, which shall inform Verifying Institution that Licensor will deem the author to be an Affiliated Author and continue the publishing process, and charge the APC for such article pursuant to these Product Terms, if the set grace period expires without any declaration by Verifying Institution.

PART B – ACCESS TO CONTENT

4. Access Rights

4.1 The Term shall begin on 01-01-2024 (the “Reading Commencement Date”) and shall end on 31-12-2026.

4.2 Continuing Access Journals: During the Term, Licensee shall have access to the Continuing Access Journals listed in Schedule 2: Continuing Access Journals first published during the Term. After the Term, Licensee shall have Continuing Access to the Continuing Access Journals first published during the Term, subject to all the terms and conditions of this License Agreement.

4.3 Backfile Access During the Term: In addition, during the Term only, Licensee will be granted access to the Content of titles listed in Schedule 2, published beginning the later of (a) 1997 (b) the first date of publication or (c), the date on which Licensor first acquired publication rights.

5. Transfer / Take-over

5.1 **Cessation of Publication of Continuing Access Journals During the Term** If Licensor ceases to publish new Content for 3% or more of the Continuing Access Journals during any calendar year of the Term, whether because Licensor ceases to have publishing rights or because Licensor ceases to publish those Continuing Access Journals, upon Licensee’s written request, Licensor will, at Licensor’s sole option, offer to Licensee:

- (1) access to additional Content not presently licensed to Licensee with an approximate value equal to or greater than the value at the date of cessation of the Content associated with the discontinued Continuing Access Journals that was to be published from the date of cessation of publication through the end of the Term, or (2) a credit toward any future acquisition of a Product in the same value as that mentioned in part (1) above.

The value to be applied for additional Content or a credit will be determined by Licensor in good faith, taking into account factors which may include, without limitation, number of articles, number of pages, impact factor, usage factor, and list price of the Content in question, or any other formula including any or all such factors that allows

Licensors to calculate the value of the lost Content as a percentage of the Continuing Access Journals under the License.

5.2 Transfer of Publishing Rights to Continuing Access Journals If Licensor's publishing rights to a Continuing Access Journal are transferred to another publisher or entity at any time during or after the Term, Licensor will use reasonable efforts to provide Licensee with Continuing Access to the Content of that Continuing Access Journal published by Licensor during the Term, either (a) online on the Platform, (b) online on the new publisher's website, or (c) offline by providing the same on a digital storage medium. In case of (c) above, use of the Continuing Access Journal shall be subject to the terms of this License Agreement, except for Sections 4.3 and 4.4 of the General Terms and Conditions. If Licensor is unable to do any of the foregoing, Section 5.1. above shall govern. Licensor declares that Licensor supports the principles of Project Transfer.

Product Terms
Text and Data Mining

1. Term

For Access Only products, the Term of these Text and Data Mining Terms shall be concurrent with the Term of the relevant Product Terms indicated in Section 2 below. For Continuing Access and Archive products, the Term of these Text and Data Mining Terms shall begin on the first day of the Term of the relevant Product Terms indicated in Section 2 below, and shall continue subject to all terms and conditions of this License Agreement.

2. Content

Content for the purposes of these Product Terms is the Content licensed under the following Product Terms of this License Agreement: All Product Terms of this License Agreement.

3. TDM License

3.1 Definitions

3.1.1 **“Text and Data Mining” (“TDM”)** means (i) performing automated searches, selection of content, and structured analyses of content including data embodied therein, (ii) the automated sorting, parsing, addition or removal of linguistic structures, and the selection and inclusion of discrete parts of content into another form for purposes of classification or recognition of relations, patterns, and associations, and (iii) the automated extraction, alternative representation or translation, expression or discussion of any extracts from mined content, whether in the form of a direct extraction or a representation in any form.

3.1.2 **“TDM Materials”** means the materials, data and information created for or during TDM based on the Content containing any verbatim duplication of the Content in whole or in part and/or any data which allows reconstitution of Content.

3.1.3 **“TDM Output”** means the data and information which is the result of any TDM, excluding, however, any verbatim duplication of the Content in whole or in part and/or any data which allows re-constitution of Content and/or TDM Materials.

3.1.4 **“Full-Text”** refers to Content items provided in an XML format (typically JATS for Journal Articles and BITS for Book Chapters) that includes both the associated metadata as well as the complete text from the body of the Content item.

3.1.5 **“Cloud Solutions Provider”** means Amazon Web Services (AWS), Google Cloud Platform (GCP) and Microsoft Azure or any additional cloud solutions of Licensee with prior written approval by Licensor.

3.1.6 **“Internal Server”** shall mean any and all data storage devices of Licensee and internal secured network of Licensee or Cloud Solutions Provider only accessible to Authorized Users and Licensee under the License Agreement.

3.2 TDM Rights

Licensor hereby grants Licensee and its Authorized Users the following rights:

3.2.1 the right to download (manually or through automated means) and/or extract information from the Content for the purpose of TDM to a server only accessible to Authorized Users and Licensee (an “Internal Server”), and to perform TDM on such Content and/or TDM Materials for the duration of a specific TDM project.

- 3.2.2 the right to internally store electronic copies of the Content and the TDM Materials to the extent necessary to ensure efficient use by Authorized Users in connection with their work on a TDM project. Storage of any Content and TDM Materials containing Full-Text Content shall be limited to the duration of the TDM project.
- 3.2.3 the right to make the TDM Output available to third parties, subject to the limitations set forth in these Product Terms.

4. Prohibited uses

The prohibited uses applicable to Licensee's use of the Content set forth in Section 3 of the General Terms and Conditions shall apply to the license grant hereunder. For the avoidance of doubt, (i) in accordance with Section 3.1.2 of the General Terms and Conditions, neither Licensee nor Authorized Users, except as permitted by applicable law or this License Agreement, may update, change, revise, adapt, modify, translate, transform or create any derivative work of the Content; for clarity, such prohibition extends to doing any of the foregoing with the use of artificial intelligence tools, and further, neither Licensee nor Authorized Users may use any part of the Content to train, directly or indirectly, any artificial intelligence tool or system, and (ii) for purposes of Section 3.1.4 of the General Terms and Conditions, one request per second is not deemed likely to burden the Platforms. Users may not Without limiting the foregoing, Licensee and its Authorized Users may not (i) access or use the Content and/or TDM Materials for any purpose other than TDM (including, without limitation, by using Full-Text Content in connection with other non-TDM research or activities) (ii) create derivative products or services that would compete with or negatively affect Licensor or Licensor's Affiliates products or services, or otherwise commercially use or allow commercial use of the TDM Output, including any use of TDM Output in, for or in connection with generative artificial intelligence systems, (iii) allow a third party to access or use any Content and/or TDM Materials, (iv) perform TDM for a third party, or (v) store, or permit storage of, Content or TDM Materials on any server other than an Internal Server. For clarity, the foregoing shall not be deemed to limit Licensee's rights in Content granted in other Product Terms under this or any other License Agreement.

The parties are aware of the recent developments in artificial intelligence. These have created, and continue to create, various questions around how artificial intelligence tools may be - or may not be - used in relation to copyrighted works, author rights, moral rights, personality rights, personal data, the integrity of existing scientific content as well as the creation of new scientific works. The challenges created by AI do not only affect the legal relationship between publishers and libraries, but affect also various other relationships and considerations, particularly for researchers both as authors and as users, which need to become aware of the implications when using AI. Considering this, the parties have discussed and agreed to the foregoing in light of the current legal and technological developments at the signing date of this License Agreement. The parties agree that at this point in time, many questions around the use of artificial intelligence still need to be answered. Key questions may need to be addressed primarily in planned legislation. Therefore, the parties agree to jointly monitor the legal and technological developments regarding artificial intelligence tools in relation to the use of Content during the Term of this License Agreement, discuss such developments, issue guidance with respect to specific use cases in a FAQ related to this License Agreement, and may mutually review and revise the License Agreement in relation to use of artificial intelligence in the future, considering the interests of all involved, including publishers, libraries and the research communities. This Section 4 shall survive any expiration or termination of this License Agreement, howsoever arising.

5. Security, Formats and Delivery Mechanisms

- 5.1 Licensee will (i) use reasonable measures to protect the security of the Content downloaded for TDM purposes and the TDM Materials in its possession or control. (ii) at Licensor's request, permit Licensor to review Licensee's network vulnerability assessments, security audit report, security plan, maintenance and security patch process, and maintenance and patching records, and (iii) require that any Authorized Users that download the Content for TDM purposes onto personal devices not in the possession or control of Licensee ensure that such devices employ commercially reasonable security measures.

- 5.2 Licensee will immediately notify Licensor of any breach or suspected breach of security (including without limitation any unauthorized use, disclosure or acquisition of or access to the Content) pursuant to this License Agreement (each a "security breach") of which Licensee becomes aware. In the event of an actual or suspected security breach, or in the event of repeated or routine infringement of intellectual property rights in the Content as a result of internally storing of the Content under the terms of these Product Terms, Licensor may, by notice, effective immediately, suspend the right to internally store the Content until all security problems have been resolved to the Licensor's reasonable satisfaction. Licensee agrees that any breach of this clause may cause immediate and irreparable harm to the Licensor for which money damages may not constitute an adequate remedy. Therefore, Licensee agrees that the Licensor may obtain specific performance of this License Agreement and/or injunctive or other equitable relief for any such violation, in addition to remedies at law, without proof of actual damages and without the necessity of posting a bond.
- 5.3 Sections 5.2 – 5.3 of the General Terms and Conditions shall apply with respect to the TDM Materials.
- 5.4 Usage of personal data contained in the Content may be subject to applicable data protection laws. Licensee must ensure that any intended use is in compliance with such laws.
- 5.5 Licensor does not make any warranty nor give any assurance as to the suitability or availability of the Platforms for carrying out TDM.
- 6.1 Breach: If Licensee breaches its obligations under these Product Terms, Licensor may, in its sole discretion, terminate either (i) this Text and Data Mining License only or (ii) the License Agreement, in each case in accordance with Section 7 of the General Terms and Conditions. In addition to, and without prejudice to any contractual rights and/or remedies under applicable law, Licensor retains the right to suspend access to the Content in the event that Licensor determines, in its reasonable judgment, that Licensee or its Authorized Users are in breach of any of the conditions of these Product Terms.
- 6.2 Removal of locally-loaded copies of Content and/or TDM Materials: Upon termination of the Text and Data Mining License under Section 6.1 above or upon expiration or termination for any reason of the rights granted under the License Agreement, Licensee shall (i) procure the destruction of any copies of the Content and/or TDM Materials which may be locally loaded and (ii) use reasonable efforts to ensure that its Authorized Users delete or destroy Content on their personal electronic devices and physical storage mediums. Upon Licensor's request, no later than 30 days after such termination, Licensee shall provide a statement of destruction signed by an authorized officer of Licensee.
- 6.3 If Licensee uses a Cloud Solutions Provider for any purpose under these Product Terms, the obligations with respect to Licensee will apply accordingly to that Cloud Solutions Provider, except for the payment of any fees. Customer shall remain responsible for compliance of the Cloud Solutions Provider with respect to Licensee's obligations under these Text and Data Mining Product Terms.

SPRINGER NATURE

Schedule 1: Payment of Fees and Invoicing for Publishing Services

1. Payment of Fees

1.1 The Fee(s) for Eligible Articles shall be paid by Customer.

1.1.1 The APC (set forth in Section 2 below) for an Eligible Article will generally be deducted from the APC Fund (set forth in the Product Term and Fee table in the License Agreement Details section) by Licensor on the Approval Date. However, deductions may be delayed in certain cases, and the foregoing shall not limit Licensor's rights to deduct the APC for an Eligible Article at a later time, but not later than the end of the first quarter of the year following the Approval Date.

1.1.2 Licensor shall endeavor to notify Customer 4 weeks before the APC Fund is depleted of the date the APC Fund will be depleted.

1.1.2.1. Customer may elect to pay the standard APC, which is Licensor's standard list price APC for the respective journal (and which for the avoidance of doubt is not the APC set forth in this Schedule 1) for any relevant Eligible Article within 14 calendar days of receipt of the notice. Any remaining portion of the APC Fund can be used as a partial payment for the APC; or

1.1.2.2. where Customer has not notified Licensor according to Section 1.1.2.1, and an Eligible Author approaches Licensor with the desire to publish an article and pay the standard list price APC for the respective journal by himself/herself (and which for the avoidance of doubt is not the APC set forth in this Schedule 1) or by a third party, Licensor reserves the right to publish such article; or

1.1.2.3. if Sections 1.1.2.1 or 1.1.2.2 do not apply, the Eligible Article may be published on a subscription basis.

1.1.3 The APC Fund will expire at the end of each calendar year of the Term.

2. APC Rates

Products	APC rates		
	2024	2025	2026
Year			
Springer Transformative Agreement Publishing Fee (APC Fund)	€ 3.446.139,00	€3.557.157,00	€3.671.182,00
Number of Eligible Articles (Number of Eligible Articles charged at Market APC Rate + Number of Eligible Articles charged at Pilot APC Rate)	2.067	2.067	2.067
Number of Eligible Articles charged at Market APC Rate	1229	1255	1280
Market APC Rate	€2.459,00	€2.507,00	€2.557,00
Number of Eligible Articles charged at Pilot APC Rate	838	812	787
Pilot APC Rate	€ 506,00	€506,00	€506,00

SPRINGER NATURE

The Number of Eligible Articles consist of the sum of the Number of Eligible Articles charged at Market APC Rate and the Number of Eligible Articles charged at Pilot APC Rate. For clarity, the Number of Eligible Articles is the total amount of Eligible Articles which Eligible Authors may publish in consideration for the APC Fund set forth in the table above (except the cases in which any of the options in Section 1.1.2 is applied).

The Springer Transformative Agreement Publishing Fee (APC Fund) is obtained by the following calculation:

[Number of Eligible Articles charged at Market APC Rate x Market APC Rate] + [Number of Eligible Articles charged at Pilot APC Rate x Pilot APC Rate] = Springer Transformative Agreement Publishing Fee (APC Fund)

Schedule 2: Continuing Access Journals / Reading fee Titles

General Terms and Conditions for Electronic Products

These **General Terms and Conditions** are part of and incorporated into the License Agreement by and between Licensor and Customer.

Definitions

- 1.1. **"Affiliate"** means a party controlling, controlled by, or under common control with another party, where "control" means the direct or indirect ownership of at least fifty percent (50%) of the stock or other equity interest of a party.
- 1.2. **"Access Only"** means that Licensee's access to the specified Content is limited to the Term only.
- 1.3. **"Archive Content"** means Content which is licensed under a Product Term in which the Term begins at the Commencement Date and continues, without an end date, subject to all terms and conditions of this License Agreement.
- 1.4. **"Authorized Users"** means Licensee's full- and part-time faculty members, students, staff, researchers, contractors (provided that use by a contractor of Licensee is authorized solely to the extent it is for the benefit of Licensee, and not for the benefit of the contractor or any third party), and authorized walk-in users.
- 1.5. **"Commencement Date"** means the first day of the Term, as set out in individual Product Terms with respect to the Content identified in such Product Terms.
- 1.6. **"Content"** means the journals, books, archives, databases and all other materials identified in the Product Terms and which are licensed to Licensee under this License Agreement.
- 1.7. **"Continuing Access"** means Licensee's continuing access to the Content after the Term, which is unlimited in time, but subject always to all provisions of this License Agreement, excluding, however, the obligation to pay License Fees.
- 1.8. **"Customer"** means the party identified as "Customer" in Attachment 1 of the License Details.
- 1.9. **"Licensee"** means each of the parties identified as "Licensee" in Attachment 1 of the License Details.
- 1.10. **"Licensor"** means Springer Nature Customer Service Center GmbH, acting on its own behalf and/or on behalf of certain of its Affiliates.
- 1.11. **"Platforms"** means Licensor's websites and other content delivery systems used by Licensee and Authorized Users to access Licensor's content pursuant to this License Agreement.
- 1.12. **"Product"** means the specific category of Content identified in individual Product Terms.
- 1.13. **"Product Terms"** mean the terms and conditions applicable to specific categories of Content.
- 1.14. **"Term"** means the effective period of this License Agreement for an individual Product, as set forth in the Product Terms, including any renewal term.

1. Grant and Scope of License

2.1. Subject to Licensee's compliance with the License Agreement, and except as otherwise stated herein, Licensor hereby grants Licensee a non-exclusive, revocable and non transferrable license to:

2.1.1. permit Authorized Users to access the Content for the duration and in the manner set forth in the License Agreement;

2.1.2. incorporate links on Licensee's intranet websites to the Content in full text format on the Platforms;

2.1.3 transmit to a non-commercial library single articles, book chapters or portions thereof only for personal educational, scientific, or research purposes ("Interlibrary Loans"). Such transmission shall be reviewed and fulfilled by Licensee's staff, and shall be made by hand, post, fax or through any secure document transmission software, so long as, in the case of any electronic transmission, the electronic file retains the relevant copyright notice. The right set out in this clause does not extend to centralized ordering facilities, such as document delivery systems, nor the distribution of copies in such quantities as to substitute for a subscription or purchase of the distributed Content.

2.2. Authorized Users may solely for their personal educational, scientific, or research purposes:

2.2.1. access (including by remote access, with the exception of walk-in-users), browse, view, collate, display, search and retrieve the Content;

2.2.2. download, store on a hard drive or removable media drive, print and copy in paper and digital form single articles, eBooks and portions thereof, individual database outputs, graphs, reports, or other individual items of the Content;

SPRINGER NATURE

2.2.3. use single articles, eBooks and portions thereof, individual database outputs, graphs, reports or other individual items of the Content for the preparation of academic course materials with all rights notices duly presented, and

2.2.4. use the Springer Nature SharedIt functionality when available, or other means when necessary, to transmit single articles, chapters or other individual items of Content to third-party members of the Authorized Users' research group(s) for personal, scholarly, educational, or research use, but in no case for commercial purposes, nor in any manner that would serve as a replacement for a subscription to the Content.

3. Prohibited Uses

3.1 Neither Licensee nor Authorized Users shall:

3.1.1. remove, obscure or alter any copyright or other notices, trademarks, logos, service marks or any other proprietary rights appearing in or on the Content,

3.1.2. except as permitted by applicable law or this License Agreement, update, change, revise, adapt, modify, translate, transform or create any derivative work of the Content, for clarity, such prohibition extends to doing any of the foregoing with the use of artificial intelligence (AI) tools. Further, neither Licensee nor Authorized Users may use any part of the Content to train, directly or indirectly, any AI tool or system.

The parties are aware of the recent developments in artificial intelligence. These have created, and continue to create, various questions around how artificial intelligence tools may be - or may not be - used in relation to copyrighted works, author rights, moral rights, personality rights, personal data, the integrity of existing scientific content as well as the creation of new scientific works. The challenges created by AI do not only affect the legal relationship between publishers and libraries, but affect also various other relationships and considerations, particularly for researchers both as authors and as users, which need to become aware of the implications when using AI. Considering this, the parties have discussed and agreed to the foregoing in light of the current legal and technological developments at the signing date of this License Agreement. The parties agree that at this point in time, many questions around the use of artificial intelligence still need to be answered. Key questions may need to be addressed primarily in planned legislation. Therefore, the parties agree to jointly monitor the legal and technological developments regarding artificial intelligence tools in relation to the use of Content during the Term of this License Agreement, discuss such developments, issue guidance with respect to specific use cases in a FAQ related to this License Agreement, and may mutually review and revise the License Agreement in relation to use of artificial intelligence in the future, considering the interests of all involved, including publishers, libraries and the research communities.

3.1.3. except as permitted by Section 2 or by applicable law or this License Agreement, re-distribute, reproduce, or transmit the Content by any means including electronic (e.g., via e mail, FTP) nor post it on personal or public websites or on public networks,

3.1.4. systematically download any Content to its own or any third-party server, use routines designed to continuously and automatically search and index the Content (full text and metadata), such as web-crawling or spider programs or engage in any activity likely to burden the Platforms, except as expressly allowed in the License Agreement,

3.1.5. directly or indirectly use or assist any third party to use the Content for any commercial or monetary purposes including without limitation any sale, resale, loan, transfer or upload of the Content to a commercial entity's internet website, or otherwise charge a fee for access; or

3.1.6. otherwise use the Content in a manner that would infringe the copyright or other proprietary rights contained therein.

4. Rights and Obligations of Licensor

4.1. Licensor may control access to the Content through Internet Protocol ("IP") authentication or another identification method reasonably determined by Licensor.

4.2. Licensor reserves the right to monitor, investigate and analyze all available data including logfiles to detect misuse of the Content.

4.3. Where feasible, Licensor shall collect data on usage of the Content and process these according to the COUNTER Code of Practice and according to applicable privacy and data protection laws (the "Usage Data"). The Usage Data will be made available for download by Licensee through a secure website, provided that these statistics are strictly for the Licensee's own internal use and Licensor shall not be required to disclose any information to the Licensee which it is prohibited from disclosing to the Licensee due to any legal or regulatory constraint imposed upon it, including without limitation any applicable privacy or data protection legislation or regulations or contractual obligations.

4.4. Licensor shall use reasonable efforts to provide online access to the Content through the Platforms, subject to periodic unavailability due to (a) unexpected technical issues outside of Licensor's control, and (b) server and software maintenance; and to restore access to the Content as promptly as possible in the event of an interruption or suspension of access to the Platforms. In the event that Licensor ceases to provide access to Continuing Access and/or Archive Content as a standard offering through the Platforms, Licensor may provide such Content to Licensee on physical media, or through other means, which may include, without limitation, access through the digital preservation services referred to in Section 4.5 below, to the extent Licensor's rights to the Content permit. In the event of a serious and material security breach in the Platforms or any online systems that might affect Licensees with respect to Licensee data or access to the platforms, Licensor shall promptly inform Licensee once Licensor becomes aware of such breach.

4.5. Licensor cooperates with a number of digital preservation services (e.g. CLOCKSS, and Portico) for the preservation of certain online products of Licensor. In the case of a triggering event set forth in Licensor's agreements with the digital preservation services, Licensee may be entitled to access the

SPRINGER NATURE

Content pursuant to such agreements. It is in Licensor's sole discretion to enter into or to continue such agreements.

4.6. Licensor reserves the right to discontinue publication or distribution of any part of the Content and to withdraw, edit, amend or retract any part of the Content to which it no longer retains the right to publish or which it reasonably believes is incorrect or may give rise to a legal claim.

4.7. Licensor and its suppliers retain all right, title, and interest in and to the Content, except as expressly set forth in this License Agreement. Nothing in this License Agreement shall grant Licensee any trademarks, patent rights, copyrights, and rights to any ideas and designs relating to the Content, the Platforms, and all software used to access the same.

4.8. Licensor works with various third-party scholarly platforms to enhance Authorized Users' access to certain Content. For authentication and authorization purposes only, Licensor may provide Licensee's institutional IP range and entitlements to such third party providers. Usage restrictions contained in this License Agreement apply to Authorized Users' access to and use of the Content regardless of the platform on which the Content is accessed.

5. Rights and Obligations of Licensee

5.1. Licensee shall at all times implement reasonable measures to (a) restrict access and use of the Content to Authorized Users as permitted under this License Agreement, (b) maintain the security and integrity of the Content accessible on or through Licensee's network, and (c) ensure that all Authorized Users are notified of and comply with the usage restrictions set forth in this License Agreement. Licensee shall terminate access for any individual who ceases to be an Authorized User for any reason. In the event that Licensor's performance of its obligations under this License Agreement requires that Licensor receive or otherwise process any personal data of Authorized Users, then Licensee shall obtain, if applicable, all necessary approvals and consent from Authorized Users for transfers of personal data to Licensor.

5.2. Licensee shall promptly inform Licensor of any breaches in security in Licensee's network or its accounts which may result in unauthorized access to the Content.

5.3. If Licensee becomes aware of any unauthorized use of the Content by an Authorized User or third party, Licensee shall immediately inform Licensor and shall take appropriate steps to ensure that such activity ceases and to prevent its recurrence, including, but not limited to, terminating access of any Authorized User accessing or using the Content in violation of this License Agreement.

5.4. Nothing in this License Agreement shall make a Licensee liable for any breach of the License Agreement by any Authorized User, provided that Licensee did not cause or knowingly assist or condone the continuation of the breach after becoming aware of an actual breach having occurred, and Licensee

adhered to its obligations under this Section 5 (Rights and Obligations of Licensee)..

6. License Fees

6.1. Customer shall pay the fees set forth in the License Agreement (the "License Fees"). Delayed payments shall be subject to interest charges at the interest rate of 9 % above the set European Central Bank Interest Rate for Main Refinancing Operations. The Customer has the right to prove that the actual damage incurred by its default is less than as set forth in the second sentence of this Section 6.1, and will then only be obliged to pay the actual damage.

6.2. All amounts payable by Customer shall be exclusive of any sales, use, withholding, value added or similar taxes, government fees or levies or other assessments. Collection and/or remittance of such taxes to the relevant tax authority shall be the responsibility of the party who has the legal obligation to do so.

If, based on applicable law, any sales, value added or other similar taxes are or become chargeable, Customer will reimburse Licensor by means of paying an amount equal to the amount of such taxes in addition to and at the same time as paying the principal amounts. Licensor shall provide to Customer an appropriate invoice as required by law. If, based on applicable law, any withholding or similar taxes are or become chargeable, Customer is not entitled to deduct these taxes from the principal amounts. Customer shall remit these to the competent tax authority and shall provide Licensor with appropriate evidence of the remittance.

6.3. The License Fee, or any portion thereof, may be invoiced by a Licensor Affiliate, or by an agent designated by Licensor. Payment will be deemed made when received

(i) by Licensor, (ii) a Licensor Affiliate, (iii) an agent designated by Licensor, or, (iv) with Licensor's prior written consent, an agent designated by Customer.

7. Term and Termination

7.1. Either Licensor or Customer may terminate the License Agreement immediately upon notice to the other party if the other party (including, with respect to Customer, an individual Licensee) materially breaches this License Agreement and fails to cure such breach within thirty (30) days after notice from the non-breaching party specifying the breach in reasonable detail.

7.2. Either Licensor or Customer may terminate the License Agreement immediately upon notice to the other party if (a) a petition in bankruptcy or for a reorganization or arrangement pursuant to the bankruptcy laws is filed by the other party (which for the purpose of this Section 7.2 includes, with respect to Customer, an individual Licensee), or (b) a petition in bankruptcy or for reorganization or arrangement pursuant to the bankruptcy laws is filed against the other party and such petition is not dismissed within 90 days, or (c) an order is entered directing the liquidation of the other party, or (d) the other party becomes insolvent, or (e) the other party assigns all or substantially all its assets for the benefit of creditors, or (f) the other party shall apply for, or consent to, the appointment

SPRINGER NATURE

of a receiver, trustee or liquidator for all, or a substantial part, of its assets, (g) the other party ceases paying its debts on a regular basis, unless prohibited by applicable law, or (h) the other party assigns its rights and obligations under this agreement to a third party by reason of a state mandated merger.

7.3. In the event Customer fails to pay the License Fee for Content provided under one or more Product Terms, and fails to cure such non-payment within 30 calendar days following notice from Licensor, Licensor may, in its sole discretion, either (a) immediately and without further notice suspend access to the Content licensed under such Product Terms or (b) terminate the License Agreement pursuant to Section 7.1, either in its entirety, or solely with respect to the Content licensed under such Product Terms

7.4. Licensor may suspend the provision of the Content to a Licensee with immediate effect on notice if Licensor has reasonable grounds to believe that Content is being used in a manner contrary to the terms of this License Agreement, without prejudice to any other rights Licensor may have at law or in equity.

7.5. In the event of termination or expiration of the License Agreement for any reason (a) the license grant shall terminate with regard to the Content, (b) Licensee shall discontinue accessing the Content via the Platforms, (c) Licensee shall delete or destroy all copies of the Content on electronic and physical storage mediums in its possession or control, and (d) use reasonable efforts to ensure that its Authorized Users delete or destroy Content on their personal electronic devices and physical storage mediums. For clarity, however, the first sentence of this Section 7.5 does not apply upon expiration of the Term of a Product with Continuing Access specified in the applicable Product Terms. All confidentiality, and payment obligations in the License Agreement up to the termination date shall survive such termination or expiration.

7.6. Any termination right under this Section 7 may be exercised by or against Customer, or an individual Licensee, provided that in the case of termination by Licensor with respect to an individual Licensee, or termination by an individual Licensee with respect to Licensor, this License Agreement shall remain in effect with respect to all other Licensees.

8. Deleted.

9. Data Protection

9.1 Definition Personal Data: the terms Process, Processing, Data Subject, Personal data regarding Authorized Users, Affiliated Authors and employees/students of Institutions, shall have the meanings as defined in the General Data Protection Regulation.

9.2 Privacy. Each party is required to process the Personal Data in accordance with the provisions of the Data Protection Legislation, in particular the General Data Protection Regulation (GDPR). The intention of the parties is that in respect of any

personal data shared between the parties, both parties shall be data controllers.

9.3 Licensee shall:

- a. ensure that it has all necessary notices and consents in place to enable lawful transfer of the personal data to the other party;
- b. give full information to any data subject whose personal data may be processed under the Licence Agreement of the nature such processing. This includes giving notice that, on the termination of the Licence Agreement, personal data relating to them may be retained by or, as the case may be, transferred to the other party, their successors and assignees.

9.4 Licensor shall:

- a. not, and shall not seek to, collect Personal Data in relation to any End-User other than as is reasonably and properly required for the administration of the Licence Agreement;
- b. only process the Personal Data at the behest of and in accordance with the instructions of the Institution and shall not, unless statutory provisions provide otherwise, utilize some or all of the Personal Data that is made available to the Licensor other than for performance of this Licence Agreement, or to cause it to be so utilized;
- c. not allow third parties access to the Personal Data without the prior consent of the Institution;
- d. only engage subcontractors with which it has concluded a written agreement comprising secrecy and security obligations in accordance with the obligations of the Licence Agreement, e.g. European Commission's Standard Contractual Clauses for the processing of personal data and on the free movement of such data (controller-to-processor transfers), as set out in the European Commission Implementing Decision (EU) 2021/915 or the European Commission's Standard Contractual Clauses for the transfer of Personal Data from the European Union to processors established in third countries (controller-to-processor transfers), as set out in the European Commission Implementing Decision (EU) 2021/914.

9.5 The parties shall: process the Personal Data only within the European Economic Area or in a country with an appropriate level of protection as indicated by the GDPR. They shall not transfer any personal data received from the other party outside the EEA unless the transferor: (i) ensures the transfer is to a territory which is subject to a current finding by the European Commission under the Data Protection Legislation that the territory provides adequate protection for the privacy rights of individuals; (ii) participates in a valid cross-border transfer mechanism under the Data Protection Legislation, so that the parties can ensure that appropriate safeguards are in place to ensure an adequate level of protection with respect to the privacy rights of individuals as required by Article 46 of the General Data Protection Regulation ((EU) 2016/679); or (iii) the transfer complies with the Data Protection Legislation.

9.6 Mutual assistance. Each party shall assist the other in complying with all applicable requirements of the Data Protection Legislation. In particular, each party shall:

- a. cooperate fully with the other party to (i) enable data subjects as defined in the GDPR to inspect their personal data; (ii) to enable such parties to have their personal data deleted or corrected;

SPRINGER NATURE

and/or (iii) to demonstrate to such parties that their personal data has been deleted or corrected if it is incorrect or, if the Institution disputes the position adopted by the party concerned, to record that the party concerned considers his/her personal data to be incorrect;

b. assist the other party in ensuring compliance with its obligations under the Data Protection Legislation with respect to security, breach notifications, impact assessments and consultations with supervisory authorities or regulators;

c. notify the other party without undue delay on becoming aware of any breach of the Data Protection Legislation;

d. provide the other party with contact details of at least one employee as point of contact and responsible manager for all issues arising out of the Data Protection Legislation, including the joint training of relevant staff, the procedures to be followed in the event of a data security breach, and the regular review of the parties' compliance with the Data Protection Legislation.

9.7 Security. The parties shall take appropriate technical and organisational security measures in order to protect the Personal Data from any data breach as defined in the GDPR, inter alia from being lost and from any type of unlawful processing. Taking account of the state of technology and the cost of implementing them, these measures shall provide an appropriate level of security in view of the risks associated with such processing and the nature of the data being protected.

9.8 Licensor shall immediately notify the Institution regarding any security-related incidents and their potential impact on the processing of Personal Data.

9.9 If an authority requests Licensor to provide Personal Data, Publisher shall notify the Institution to that effect and shall enable the Institution to assert its rights. Licensor shall limit access of the authority to the extent possible.

10. Representations, Warranties, Indemnification

10.1 Licensor represents and warrants that (a) it has sufficient rights in and to the Content as granted herein, and (b) use of the Content by Licensee in accordance with the License Agreement shall not infringe or violate any copyright, trademark, or right of privacy or publicity of any third party.

10.2 Licensor shall not be liable for any damages caused by (a) use of the Content by Licensee or any Authorized User other than as expressly permitted under this License Agreement; (b) any failure or malfunction resulting wholly or to any material extent from the Licensee's and/or Authorized User's willful misconduct, negligence, operator error, use other than in accordance with user documentation made available by Licensor; (c) failure by Licensee to implement recommendations previously advised by Licensor in respect of, or solutions for, faults in the Content or the Platforms; or (d) the decompilation or modification of the Content or its merger with any other program by any person other than Licensor

10.3 Licensor shall defend, indemnify, and hold harmless Licensee and its Affiliates, successors and assigns ("Indemnified Parties")

from and against all demands, obligations, costs, losses and liabilities arising from third-party claims, (including reasonable attorney fees if a defense is not provided by Licensor, reasonable fees being such fees allowed by statutory law, if applicable) incurred by Licensee which arise out of a violation of its representations and warranties set forth herein, subject to the conditions that Licensee (a) notify Licensor immediately upon becoming aware of any such third-party claim, (b) not attempt to compromise or settle the claim, (c) provide Licensor with all reasonably requested information and assistance, and (d) permit Licensor to have sole conduct of the defense and/or settlement of such claim with counsel of Licensor's choice at its expense. This Section 10.3 shall be the sole and exclusive remedy the Indemnified Parties may have with respect to any third party claims of misappropriation or infringement of intellectual property for the Content. This indemnification obligation shall not apply in relation to claims based in whole or in part on the use of the Content by Licensee or any Authorized User other than as expressly permitted under this License Agreement.

10.4 EXCEPT FOR THE EXPRESS WARRANTIES AND INDEMNITIES STATED HEREIN AND TO THE EXTENT PERMITTED BY APPLICABLE LAW, LICENSOR PROVIDES THE CONTENT "AS IS" AND MAKES NO OTHER REPRESENTATION OR WARRANTY. LICENSOR EXPRESSLY DISCLAIMS ANY LIABILITY FOR ANY CLAIM ARISING FROM OR OUT OF THE CONTENT, INCLUDING BUT NOT LIMITED TO ANY ERRORS, INACCURACIES, OMISSIONS, OR DEFECTS CONTAINED THEREIN, AND ANY IMPLIED OR EXPRESS WARRANTY AS TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. LICENSOR SHALL NOT BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL, CONSEQUENTIAL, PUNITIVE OR EXEMPLARY DAMAGES, INCLUDING BUT NOT LIMITED TO, LOSS OF DATA, BUSINESS INTERRUPTION OR LOSS OF PROFITS, ARISING OUT OF OR IN CONNECTION WITH THIS LICENSE AGREEMENT, EVEN IF IT HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. LICENSOR'S LIABILITY FOR ANY AND ALL CLAIMS UNDER THIS LICENSE AGREEMENT IS LIMITED TO THE LICENSE FEES ACTUALLY PAID TO LICENSOR IN THE 12- MONTH PERIOD IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO A CLAIM.

10.5 Customer represents and warrants that (a) it has the requisite authority to enter into this License Agreement and (b) if acting on behalf of one or more Licensees (i) it is fully and unconditionally authorized so to act and to bind such Licensee(s) to this License Agreement, and (ii) it has provided a copy of the License Agreement to Licensee(s) or afforded Licensee(s) the opportunity to review all provisions of the License Agreement applicable to Licensee(s).

10.6 Customer represents that neither Customer nor any Licensee is currently the subject or target of any sanctions imposed by the sanctions authority of any government and agrees that it will not supply Licensor with any IP Address that may provide access to the Content to any entity or person when it has reason to believe providing such access would, or is likely to, violate applicable sanctions. Licensor may unilaterally terminate this License Agreement, either in whole or with respect to a particular Licensee, with immediate effect on written notice if Licensor has reasonable grounds to believe that either (i) Customer is in breach of that representation or (ii)

SPRINGER NATURE

Licensor may violate applicable sanctions by the provision of access to Content under the License Agreement due to a change in law or the placement of an entity or person on a sanctions black list.

11. General

11.1 Licensor may assign its rights or delegate its obligations, or any part thereof under the License Agreement, or use subcontractors, without the prior consent of Customer or Licensee. Licensor will require any such party comply with Licensor's obligations under this License Agreement. Customer or Licensee may not assign its rights or delegate its obligations or any part thereof under the License Agreement by operation of law or otherwise without the prior consent of Licensor. Any attempt by Customer or Licensee to assign or delegate any rights or obligations set forth in the License Agreement without Licensor's prior consent shall be null and void.

11.2 Except for any obligations to make payments to the other party hereunder, either party's delay or failure to perform any term or condition of the License Agreement as a result of circumstances beyond its control such as, but not limited to, wars, invasions, hostilities (whether war is declared or not), terrorist threats or acts, epidemics, strikes, fires, floods, earthquakes, explosions, acts of God, governmental restrictions, market manipulations, actions, orders or laws, embargos or blockades, national or regional emergencies, power, telecommunications or Internet failures, or damage or destruction of any network facilities or servers, shall not be deemed a breach of the License Agreement or a basis for liability.

11.3 If any covenant or other provision of the License Agreement is invalid, illegal or incapable of being enforced, by reason of any rule of law or public policy, all other covenants and provisions shall nevertheless remain in full force and effect.

11.4 Entire Agreement; Modification: This License Agreement supersedes and replaces all prior agreements and understandings, whether written or oral, between the parties concerning the subject matter hereof. This License Agreement constitutes the entire agreement between the parties concerning its subject matter and cannot be modified, nor may any of its provisions be waived, except when executed in written form and signed, or signed by DocuSign or a similar e-signature solution, in each case by both parties, except that in the case of waivers or consents, the foregoing requirements shall apply solely to the party giving such waiver or consent. Failure or delay of either party to enforce any of its rights under this License Agreement is not deemed a modification or a waiver by such party of any of its rights hereunder.

11.5 In case of a conflict or ambiguity between these General Terms and Conditions and the Product Terms, the Product Terms shall prevail. In the event this License Agreement is translated into a language other than English, the English language version of this License Agreement shall prevail in the event of any conflict between the English-language version and the translated version.

11.6 The License Agreement and the rights and obligations of the parties hereto shall be construed, interpreted and determined in accordance with the laws of the Federal Republic of Germany without reference to the stipulations of the CISG (United Nations Convention Contracts for the International Sale of Goods) or to Germany's choice-of-law principle.

11.7 The parties acknowledge and agree that any controversies and disputes arising out of the License Agreement shall be decided exclusively by the courts of or having jurisdiction for Heidelberg, Germany, as far as legally permissible.

11.8 All notices given pursuant to the License Agreement shall be in text form as stipulated in Section 126 b of the German Civil Code (including but not limited to letters, facsimile, e-mail). Notice to Licensor shall be to Springer Nature, Licensing Control, Van Godewijkstraat 30, 3311 GX P.O. Box 17, 3300 AA Dordrecht, The Netherlands, with a copy to Legal Department, Springer Nature, Heidelberger Platz, 3, 14197 Berlin, Germany. Notice to Customer shall be to the address set forth in the License Details.

11.9 This License Agreement is solely for Licensor's, Customer's and Licensee's benefit. It is not for the benefit of any other person, except for permitted successors and assigns under this License Agreement.

11.10 This License Agreement may be executed in two or more counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.
